Claiming your ATP Livslang Pension

When you turn 65, you can receive your ATP Livslang Pension (ATP Lifelong Pension) paid out as a lump sum.

Due to the size of your pension, it will be paid out as a lump sum, after we have withdrawn 40 per cent in taxes to Skattestyrelsen. Your lump sum before taxes amounts to DKK XXXX,XX. If we receive more payments for you, it may mean that your pension will be paid out each month instead of as a lump sum.

Provide your account number

You must complete and return the attached form before we can pay out your pension. In connection with the payment, you will receive a letter where you can see the exact amount. Please note that the bank deducts a fee from every payment if the money is transferred to a bank outside of Denmark.

If you want to defer your pension

You can choose to defer the payment of your pension. This way, the payment may become higher. If you wish to do so, you must state this on the form. You can always cancel your deferral, i.e. have your pension paid by the month or year you want.
